### FIDE Chess in Education Seminar

From February 4<sup>th</sup> to 07<sup>th</sup>, 2021

As part of the popularization of chess in schools, the Bouhjar International Chess Academy (BICA) is organizing for the first time in its history in collaboration with the Tunisian Chess Federation under the aegis of FIDE (Commission for Chess in Education) the first seminar for Fide School Chess Instructors at the headquarters of the BICA from February 04 to 07, 2021.

The lecturer was GM Slim Bouaziz, FST, Fide Lecturer, IO (TUN) and the assistant was Wajdi Chouari (IA, FT, IO) from Tunisia. The language of the seminar (course and exam) was French with some translations into Arabic.

13 Tunisian candidates took part in this seminar.

The Tunisian Chess Federation, the International Chess Federation, (FIDE Chess in Education) and the Bouhjar International Chess Academy have contributed to the success of this seminar.

The aim of this seminar was to define the mission of FIDE School Instructors and to provide them with the elements of knowledge that will allow them to initiate their students to the basic rules of chess, to make them discover the world of chess, and to provide them with tools for reflection and analysis.

The skills and requirements of the training were: teaching or planning to teach in school, having a basic knowledge of psychology and pedagogy along with knowledge of the rules of the game.

The candidates followed the seminar with seriousness and motivation. This seminar was beneficial for them in teaching chess to children in schools.

The candidates have passed the exam to obtain the official FIDE diploma.

It should be noted that the lecturer Slim Bouaziz and the energetic assistant Wajdi Chouari did their best to ensure that the participants enjoyed this seminar.

Moreover, the candidates were satisfied with the smooth running of the seminar and the exam.

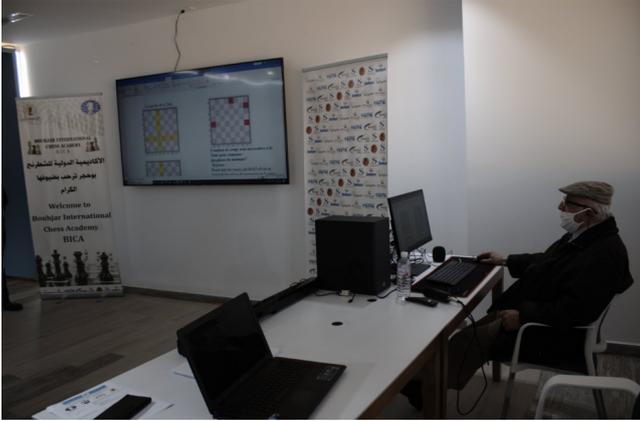

I would like to thank the Chess Commission in Education, and the International Chess Academy of Bouhjar who contributed to the success of the event, not forgetting also my kind assistant Wajdi Chouari who helped me a lot and facilitated my work.

Special thanks also go to the founder of the Academy, Mr. Wassim Sayah, for his tremendous support on all the plans.
